## **MS 20**

Finger pulse oximeter for adult and pediatric use. LED monochrome display indicates SpO<sub>2</sub>, pulse rate and pulse bar. English user manual and lanyard included.

## **MS 300**

Finger pulse oximeter with adjustable alarm tone. OLED color display indicates SpO<sub>2</sub>, pulse rate, pulse bar, pulse wave and perfusion index. With lanyard, rubber pouch and textile holster. English user manual included.

## **MS 400**

Capnograph for rapid and continuous monitoring of end tidal carbon dioxide (EtCO<sub>2</sub>) and respiration rate of adult, pediatric and neonatal patients. Small and super lightweight unit guarantees ultimate portability. Set includes 1 x airway adapter for adult/pediatric. English user manual included.

## **MS 500**

Handheld pulse oximeter including fingerclip sensor (adult). High resolution TFT color display indicates SpO<sub>2</sub>, pulse rate, pulse bar and pulse wave. Adjustable audible alarms. English user manual and software included. Numerous different sensors are available.\*

\*at extra cost

## MS 600

Handheld pulse oximeter including fingerclip sensor (adult). High resolution 2.8" TFT display indicates SpO2, pulse rate, pulse bar, pulse wave, pulse rate trend and SpO2 trend. Adjustable audible and visual alarms. English user manual and software included. Numerous different sensors are available.\*

\*at extra cost

## MS 700

Handheld pulse oximeter including fingerclip- or softsensor (adult). 4.1" touchscreen TFT color display indicates SpO2, pulse rate, pulse bar, pulse wave and perfusion index. Adjustable audible and visual alarms. English user manual included.

## MS 800

Handheld pulse oximeter with integrated 3 channel ECG. Including fingerclip sensor (adult) and 3 lead ECG cable. 2.4" OLED color display with automatic display rotation. Adjustable audible and visual alarms. With docking station and rechargeable lithium battery. English user manual included.

## MS 900

Handheld pulse oximeter with integrated capnograph. Including „MyOxy“ SpO2 fingerclip sensor (adult). 2.95" OLED color display. 24h storage of trend data. With lithium battery and USB port. English user manual included.

## **MS 1000**

**Vital Signs Monitor indicates SpO2, pulse rate, perfusion index and photoplethysmogram.**

- ✓ **Bright, large color TFT LCD display.**
- ✓ **Including SpO2 sensor for adult (reusable).**
- ✓ **English user manual.**

## **MS 1100**

**Vital Signs Monitor indicates SpO2, pulse rate, perfusion index, photoplethysmogram, systolic/diastolic blood pressure and mean arterial pressure.**

- ✓ **Bright, large color TFT LCD display.**
- ✓ **Including SpO2 sensor for adult (reusable).**
- ✓ **NIBP cuff for adult.**
- ✓ **English user manual.**

## **Temperature measurement module (optional)**

**Incl. infrared thermometer and data transmission cable. The monitor indicates the results of the thermometer. Only available when ordering the device, as it cannot be retrofitted. Suitable for the MS 1000 monitor series.**

## **MESA trolley MW-1100-70 (optional)**

**With 5 rolls, 2 baskets and adapter plate. Suitable for the MS 1000 monitor series.**
